

CIS Support Team Member

JOB DETAILS	
Job Title:	Cochrane Information Specialist (CIS) Support Team Member
Reports to (title):	Learning and Support Officer (Group Staff), People Services
Date:	Feb 2020
Nature of contract	We anticipate this being a secondment from a Cochrane Group, but we will also consider suitably qualified independent consultants.

PURPOSE OF THE JOB
CIS Support Team members will provide both introductory and ongoing support and training to the CIS community in the areas related to Cochrane editorial processes, information technology, and study identification methods. Support and training will be guided by the needs of practicing CISs and current Cochrane policies and technology developments.

PRINCIPAL ACCOUNTABILITIES/KEY RESULT AREAS
<ul style="list-style-type: none"> • Provide new CISs with an introduction and orientation to processes, procedures, and policies related to the production of systematic reviews and Specialised Register maintenance. • Provide ongoing training and support to all CISs in using the Cochrane Register of Studies (CRS). • Provide established CISs with support for processes, procedures and policies related to the production of systematic reviews relevant to their role. • Provide help and support to all CISs in using Cochrane editorial tools, e.g. RevMan and Archie. • Develop programmes and materials to support the training and educational needs of CISs, including the management of CRG Specialised Registers within the CRS. • Maintain and update the CIS portal and the CIS user guide. • Identify and advocate for professional development opportunities for CISs within Cochrane. • Work with the Learning and Support Officer (Group Staff) to ensure training projects/support aligns with CET initiatives and objectives. • Collaborate with learning team colleagues on development of learning and teaching materials. • Consult with IRMG for input on topical methodological issues.

Cochrane is an equal opportunities employer
